Regardless of the Little Jumbo model you choose, you can be assured of long-lasting, dependable service. The sturdy construction and compact design of Little Jumbo ladders makes them the top-choice for any two-, three-, or four-step requirement.

Safe, extra large steps make the Little Jumbo a real pleasure to use. This unique step design imitates a normal stairway with its wide steps and secure feeling.

Little Jumbo Two-Step

Little Jumbo Three-Step

Little Jumbo Four-Step

German Engineering -- American Know How

Engineered in Germany and manufactured by Wing Enterprises in the United States, Little Jumbo ladders are built to the industry's most exacting specifications.

Two-step, three-step and four-step models all incorporate wide, slip-resistant step treads for maximum stability. All three models also offer optional fold up safety bars for added security.

All models are made from a rugged, corrosion-resistant Aluminum alloy -- built to last yet light-weight and easy to handle.

Little **JUMBO**
Safety Step

SAFETY BAR

Available for all three models. Provides added security for all jobs.

LIGHT-WEIGHT ALUMINUM

Also available from Wing Enterprises, Inc., is the Little Giant Ladder System. It replaces several sizes of conventional and telescoping step ladders. It may be adjusted to fit safely on stairs and other uneven surfaces. The system comes complete with skid resistant feet, flared legs for improved stability, and stores in only one-fourth of its fully extended height.

Slim & Sturdy

Little Jumbo ladders fold to a slim 3' depth – steps pivot vertically while the framework tucks together for convenient storage. Even with those models incorporating the optional safety bar, folded depth is less than 5'.

You'll appreciate the smooth action of the sturdy locking system – no more pinched fingers or awkward set-up. And, of course, all ladder legs are capped with slip-resistant feet for a safe, solid feet.

Top-Quality Products

Wing manufactures a complete line of top-quality professional ladders – all built for long life and rugged, continuous use.
